CF62 (GenerationUX)

Product Motion Design systems

- Built **GenerationUX** art direction engine with 6000+ design systems and 7000+ visual vocabulary corpus. Identity, UI, product, out-of-home, film. Same seed, same world, every time.
- Built **Rive-based motion design systems** and data viz components for DeFi dashboards.
- Published open-source **design tokens, theming tools, and UI libraries** (Radix/Shadcn integrations).

2024-present — **Principal Product Designer**

Makina Finance

Cryptocurrency

- Designed the **Brand and Product direction** for v1.1 onwards.
- Delivered extensive Figma designs, Figma Plugins, AI generated libraries (Variant, Flora, Midjourney), Tailwind and advanced styles-systems, Python scripts and automations .

2025-2026 — **Principal Product Designer**

StripChain/Silent Protocol

Cryptocurrency

- Led UX/UI for **DEX, SDK, and wallet design** in stealth zk/privacy protocol.
- Created **Rive components + WebGL shader** prototypes for token interactions and data visualization.
- Shipped end-to-end design system used across protocol apps and marketing.

2024-2025 — **Principal Product Designer**

Superform.xyz

Cryptocurrency

- Designed **cross-chain yield dApp** with **$200M+** in deposits.
- Co-authored **ERC-4626 standard resources** (erc4626.info) driving ecosystem adoption.
- Delivered UX for vault creation, deposits, and yield tracking.

2022-2024 — **Principal Product Designer**

XTK Token Terminal

Cryptocurrency

- Produced and deployed **260K+ NFTs** (art creation, smart contract deployment, Remix config, IPFS hosting).
- Contributed to **token terminal design** for analytics and community engagement.
- Scoped workflows bridging NFT minting, DeFi analytics, and user dashboards.

2023-2023 — **Lead Product Designer**

dopex.io

Cryptocurrency

- Designed option chain and structured product dApps (trading, yield).
- Improved flows for liquidity provision, vault deposits, and payoff visualization.

2022 — **Lead Product Designer**

curve.fi

Cryptocurrency

- Simplified pool creation UX and smart contract workflows for Curve's **$2B+** TVL.
- Optimized **data layouts and navigation** to improve trader efficiency.

2019-2020 — **Lead Product Designer**

IRi worldwide/Aimia Inc.

Analytics

- Directed design of analytics platform for CPG clients.
- Built AI/ML insight dashboards and scaled design system + UI library.
- Founded and scaled **£25M+** business-critical analytics product.
- Hired and managed 40+ design & dev staff.

2014-2022 — **Design Director**

Agency roles (Clixo / Docomo Digital / Amplify / Bake)

Agency

- Agency design and commercial services: B&Q; Bank of England; BBC; BT; Citroen; Costa Coffee; Hasbro; Heinz; Honda; HP; Hyundai; KIA; Maserati; Motorola; NewsUK; Nintendo; Nissan; O2; Peugeot; Porsche; Range Rover; Sony
- Agency design and commercial services: BP; British Military Fitness (reached **Apple App Store #3**); Carphone Warehouse; McDonalds; Metro (reached **Apple App Store #1**); Swatch; The Sun; Universal Music
- Agency design and commercial services: Fitness First; Metro PCS; MOBO Awards; Motorola (created **international MotoRokrStar contest**); Pepsi; Sky; Sprint; Universal Music
- Agency design and commercial services: Bacardi; BBC; Channel 4; Endemol; Esselte; i-mode; Ilse Media; Ministry of Sound; Motorola; O2; Orange; Rexona; Samsung; Sony Ericsson; T-Mobile; TDK; Universal; Vodafone; Wanadoo

2003-2014 — **Design Director**

Highlights

- **AI development:** World-Class, Award-Tier, Art-Direction. Deterministic aesthetic orchestration: Claude, Cline, Codex, Cursor, Lovable, Motion, Remotion, Replit
- **dApp Design:** Curve.fi, Dopex.io, Superform.xyz, StripChain/Silent Protocol, makina.finance
- **Standards:** ERC-4626 design evangelism + resources.
- **Product Systems:** Rive-based data viz, design tokens, WebGL shader prototyping.
- **Impact:** UX spanning **$2B+ deposits** (Curve) to **$200M+ TVL** (Superform).
